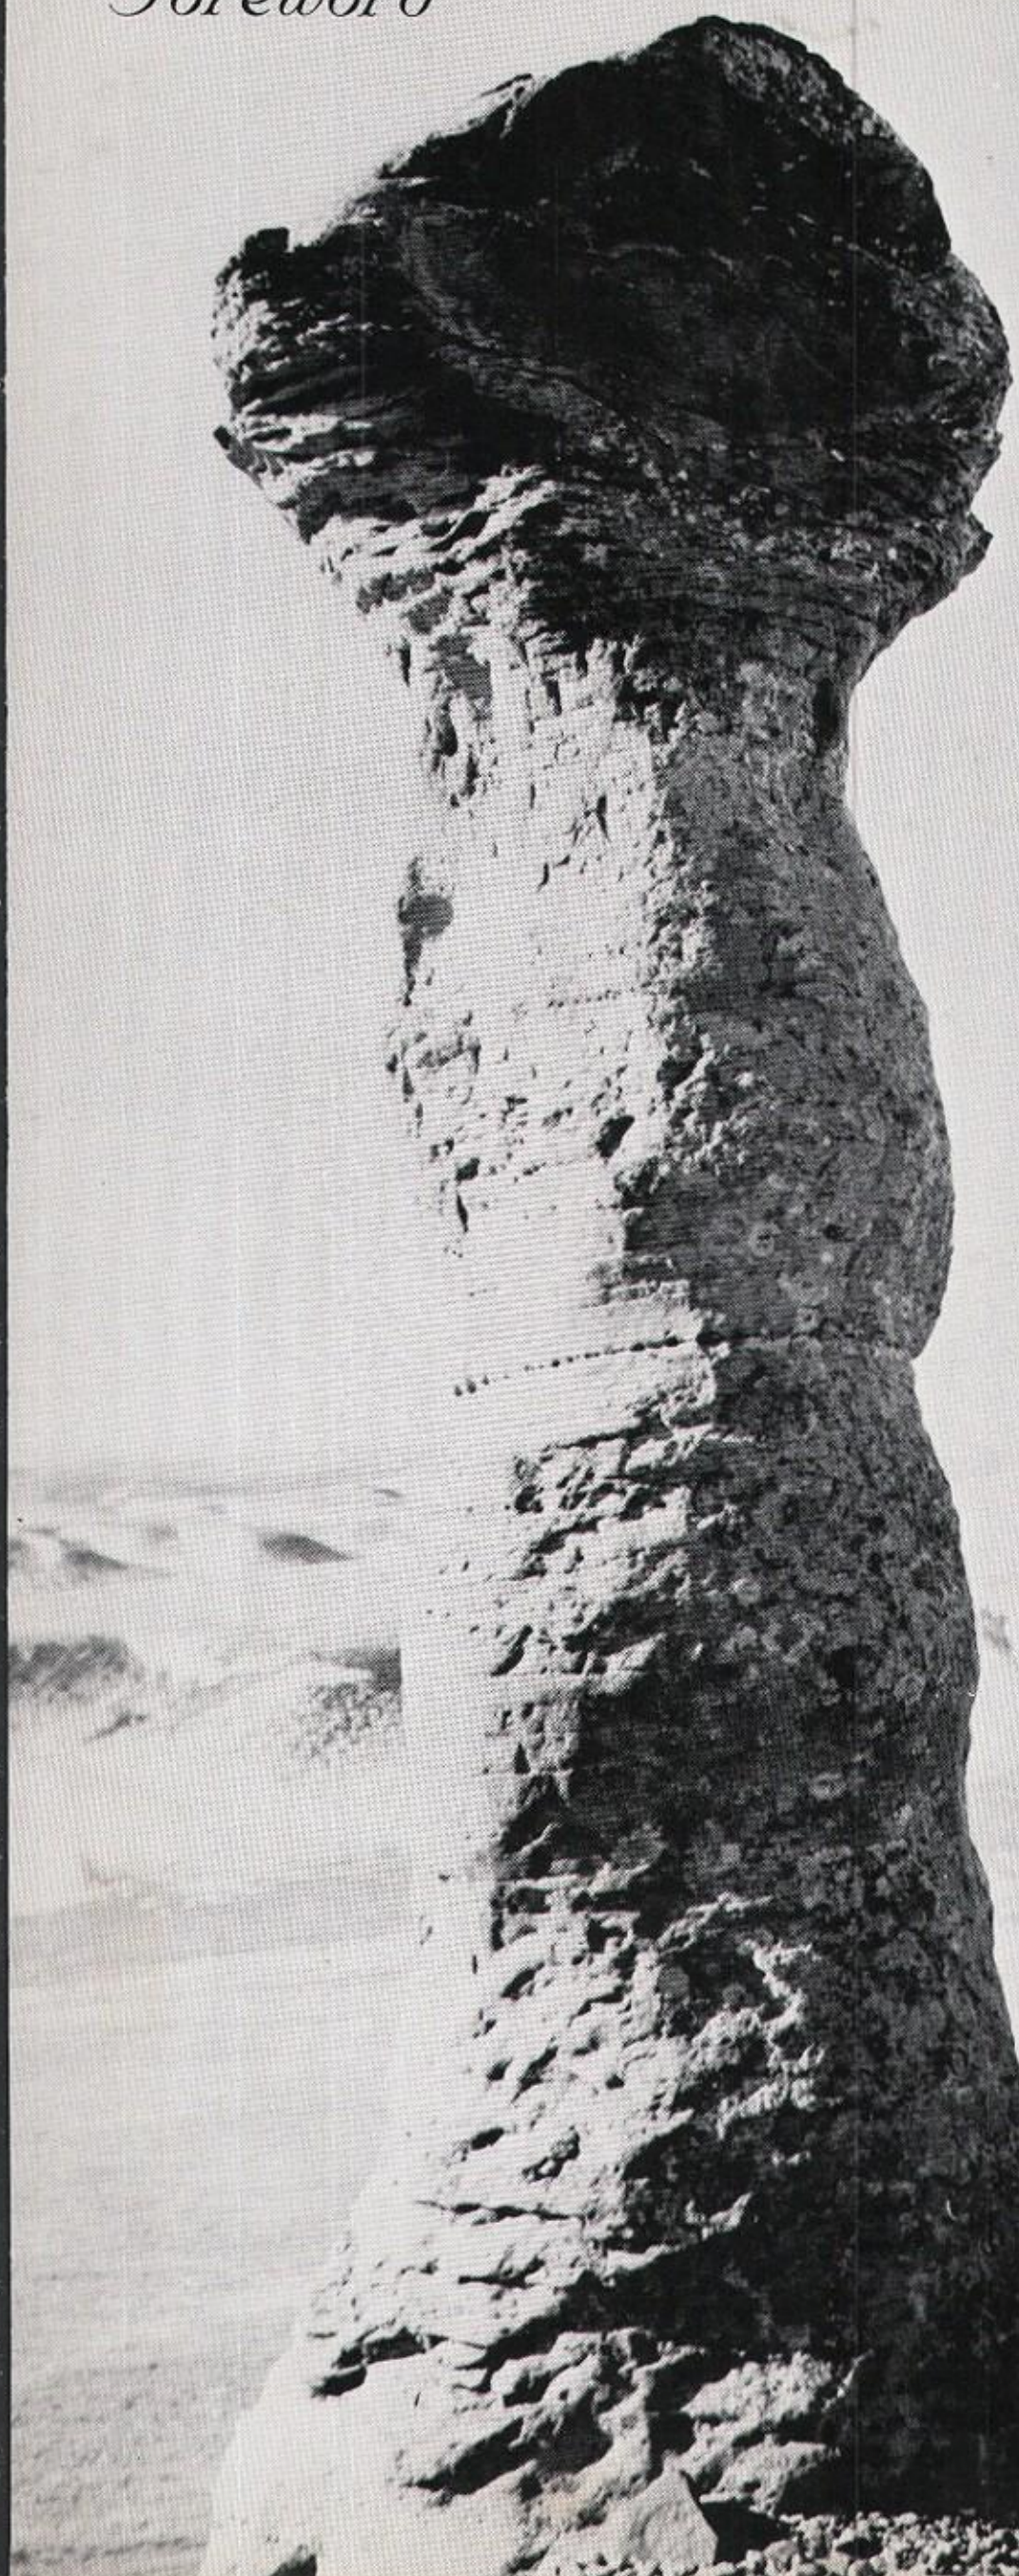
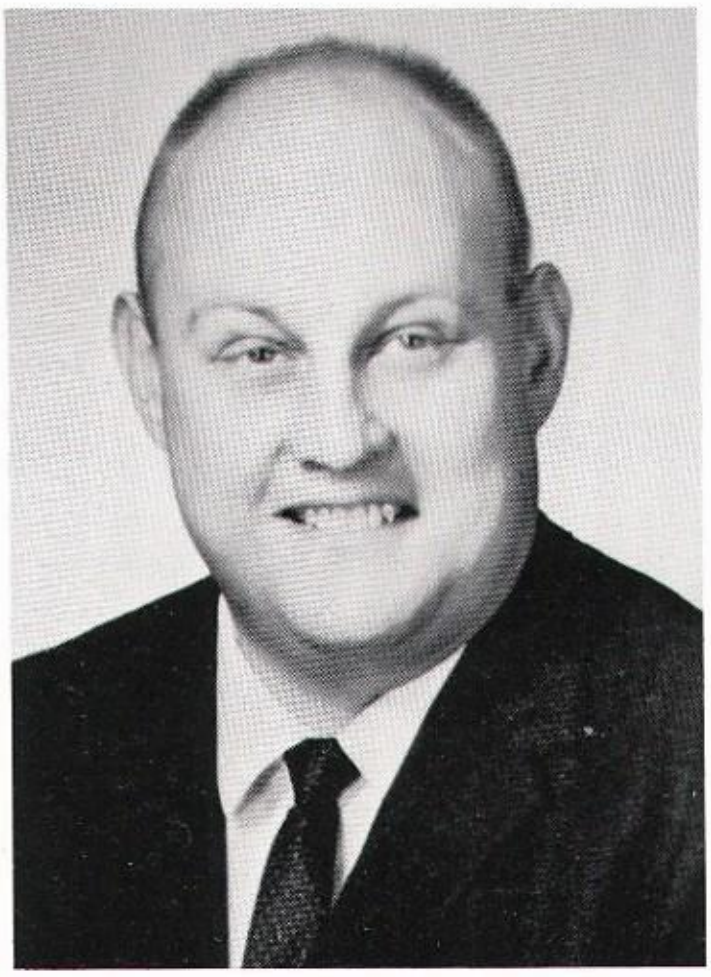
Foreword



Strong the rocks stand - symbols of strength and durability. The torturous elements attack their rigid structure, but still their sturdy shapes remain. And so it is with man. The weathering forces of life attack and threaten to destroy him, but if his feet stand on the solid rock of education, his ingenious mind is able to cope with these forces. North Toole County High School is a large rock. Here, students find that education is a must for them in order to live to the fullest extent in their world. With this in mind, the Senior Class of 1965 presents this record of our school year.

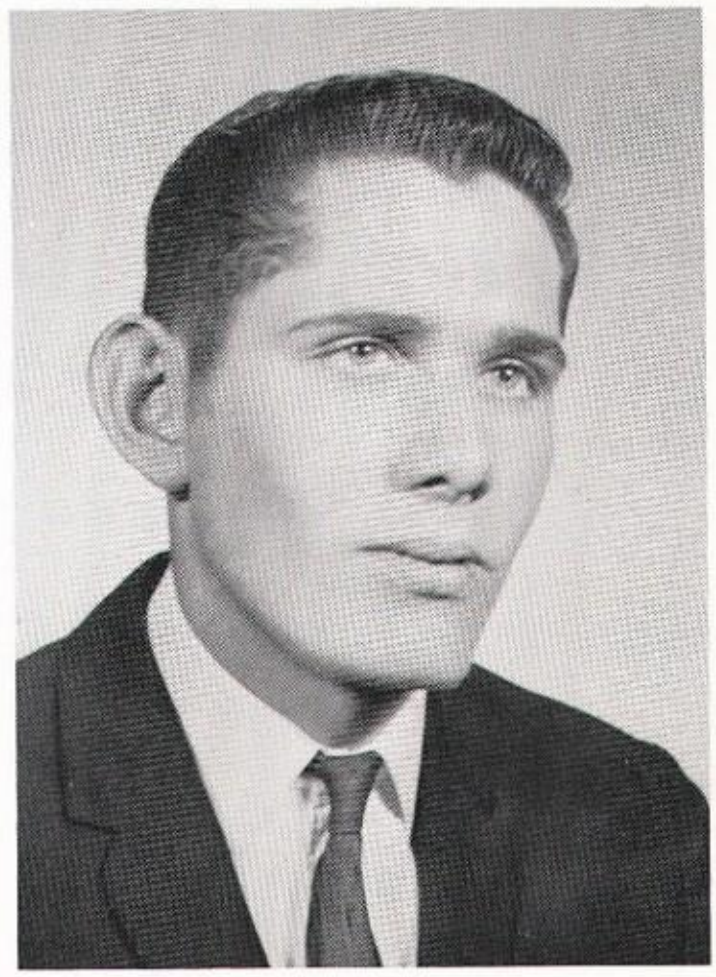
In Memoriam

The class of 1965 presents this page in memory of a former teacher, Mr. Jack Kline, and alumnus, Larry Carroll. Although they have left this earth in person, both have an everlasting nitch in our hearts and minds.



MR. JACK KLINE

LARRY CARROLL



I ceased; and, through the breathless hush that answered me, the far-off rush of herald wings came whispering like music down the vibrant string as of by ascending prayer.

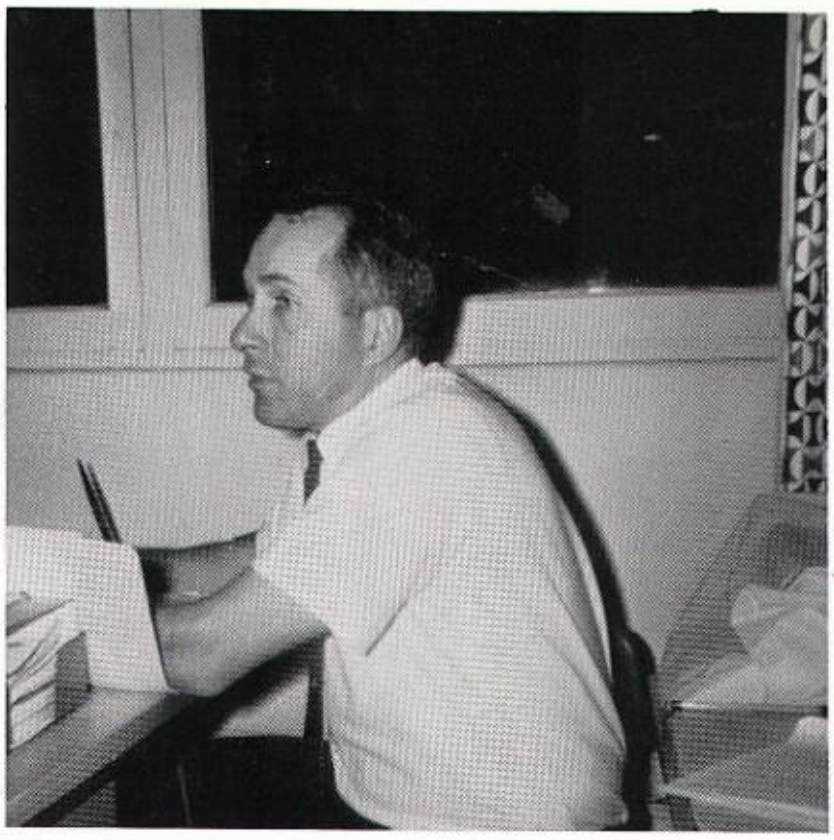
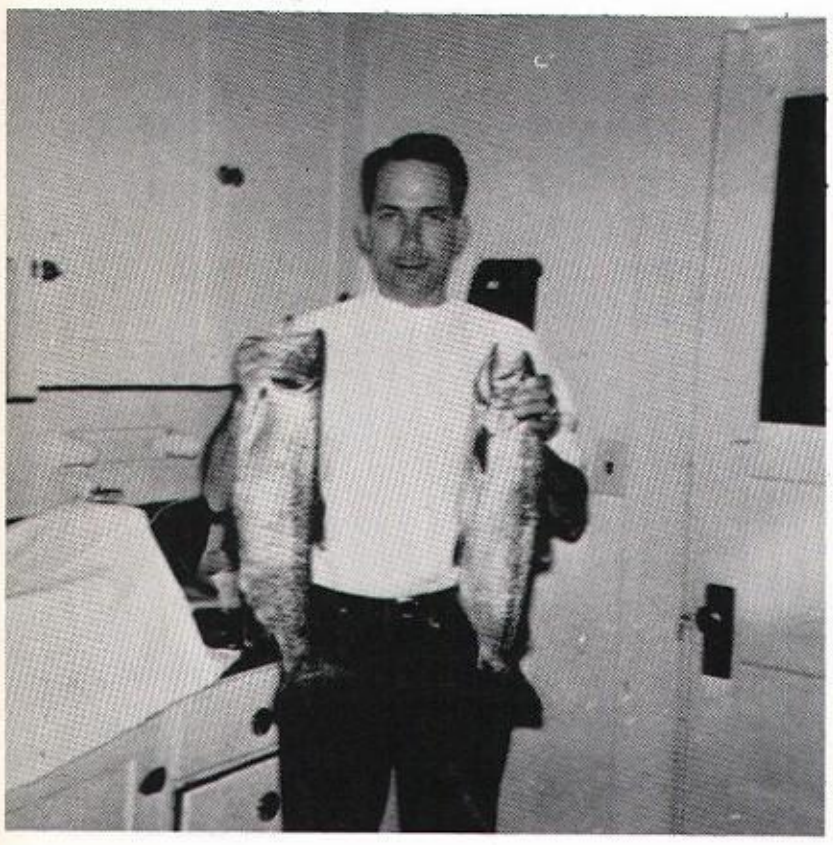
Dedication

We, the annual staff of 1965, gratefully dedicate this "CAPROCK" to Mr. Paul Schrammeck, principal of North Toole County High School. Always on hand to aid any student in need, he is a sincere and dedicated teacher and administrator.

Mr. Schrammeck's varied duties during the day include teaching several math classes, presiding at general assemblies, and performing the many other jobs connected with his post as principal.



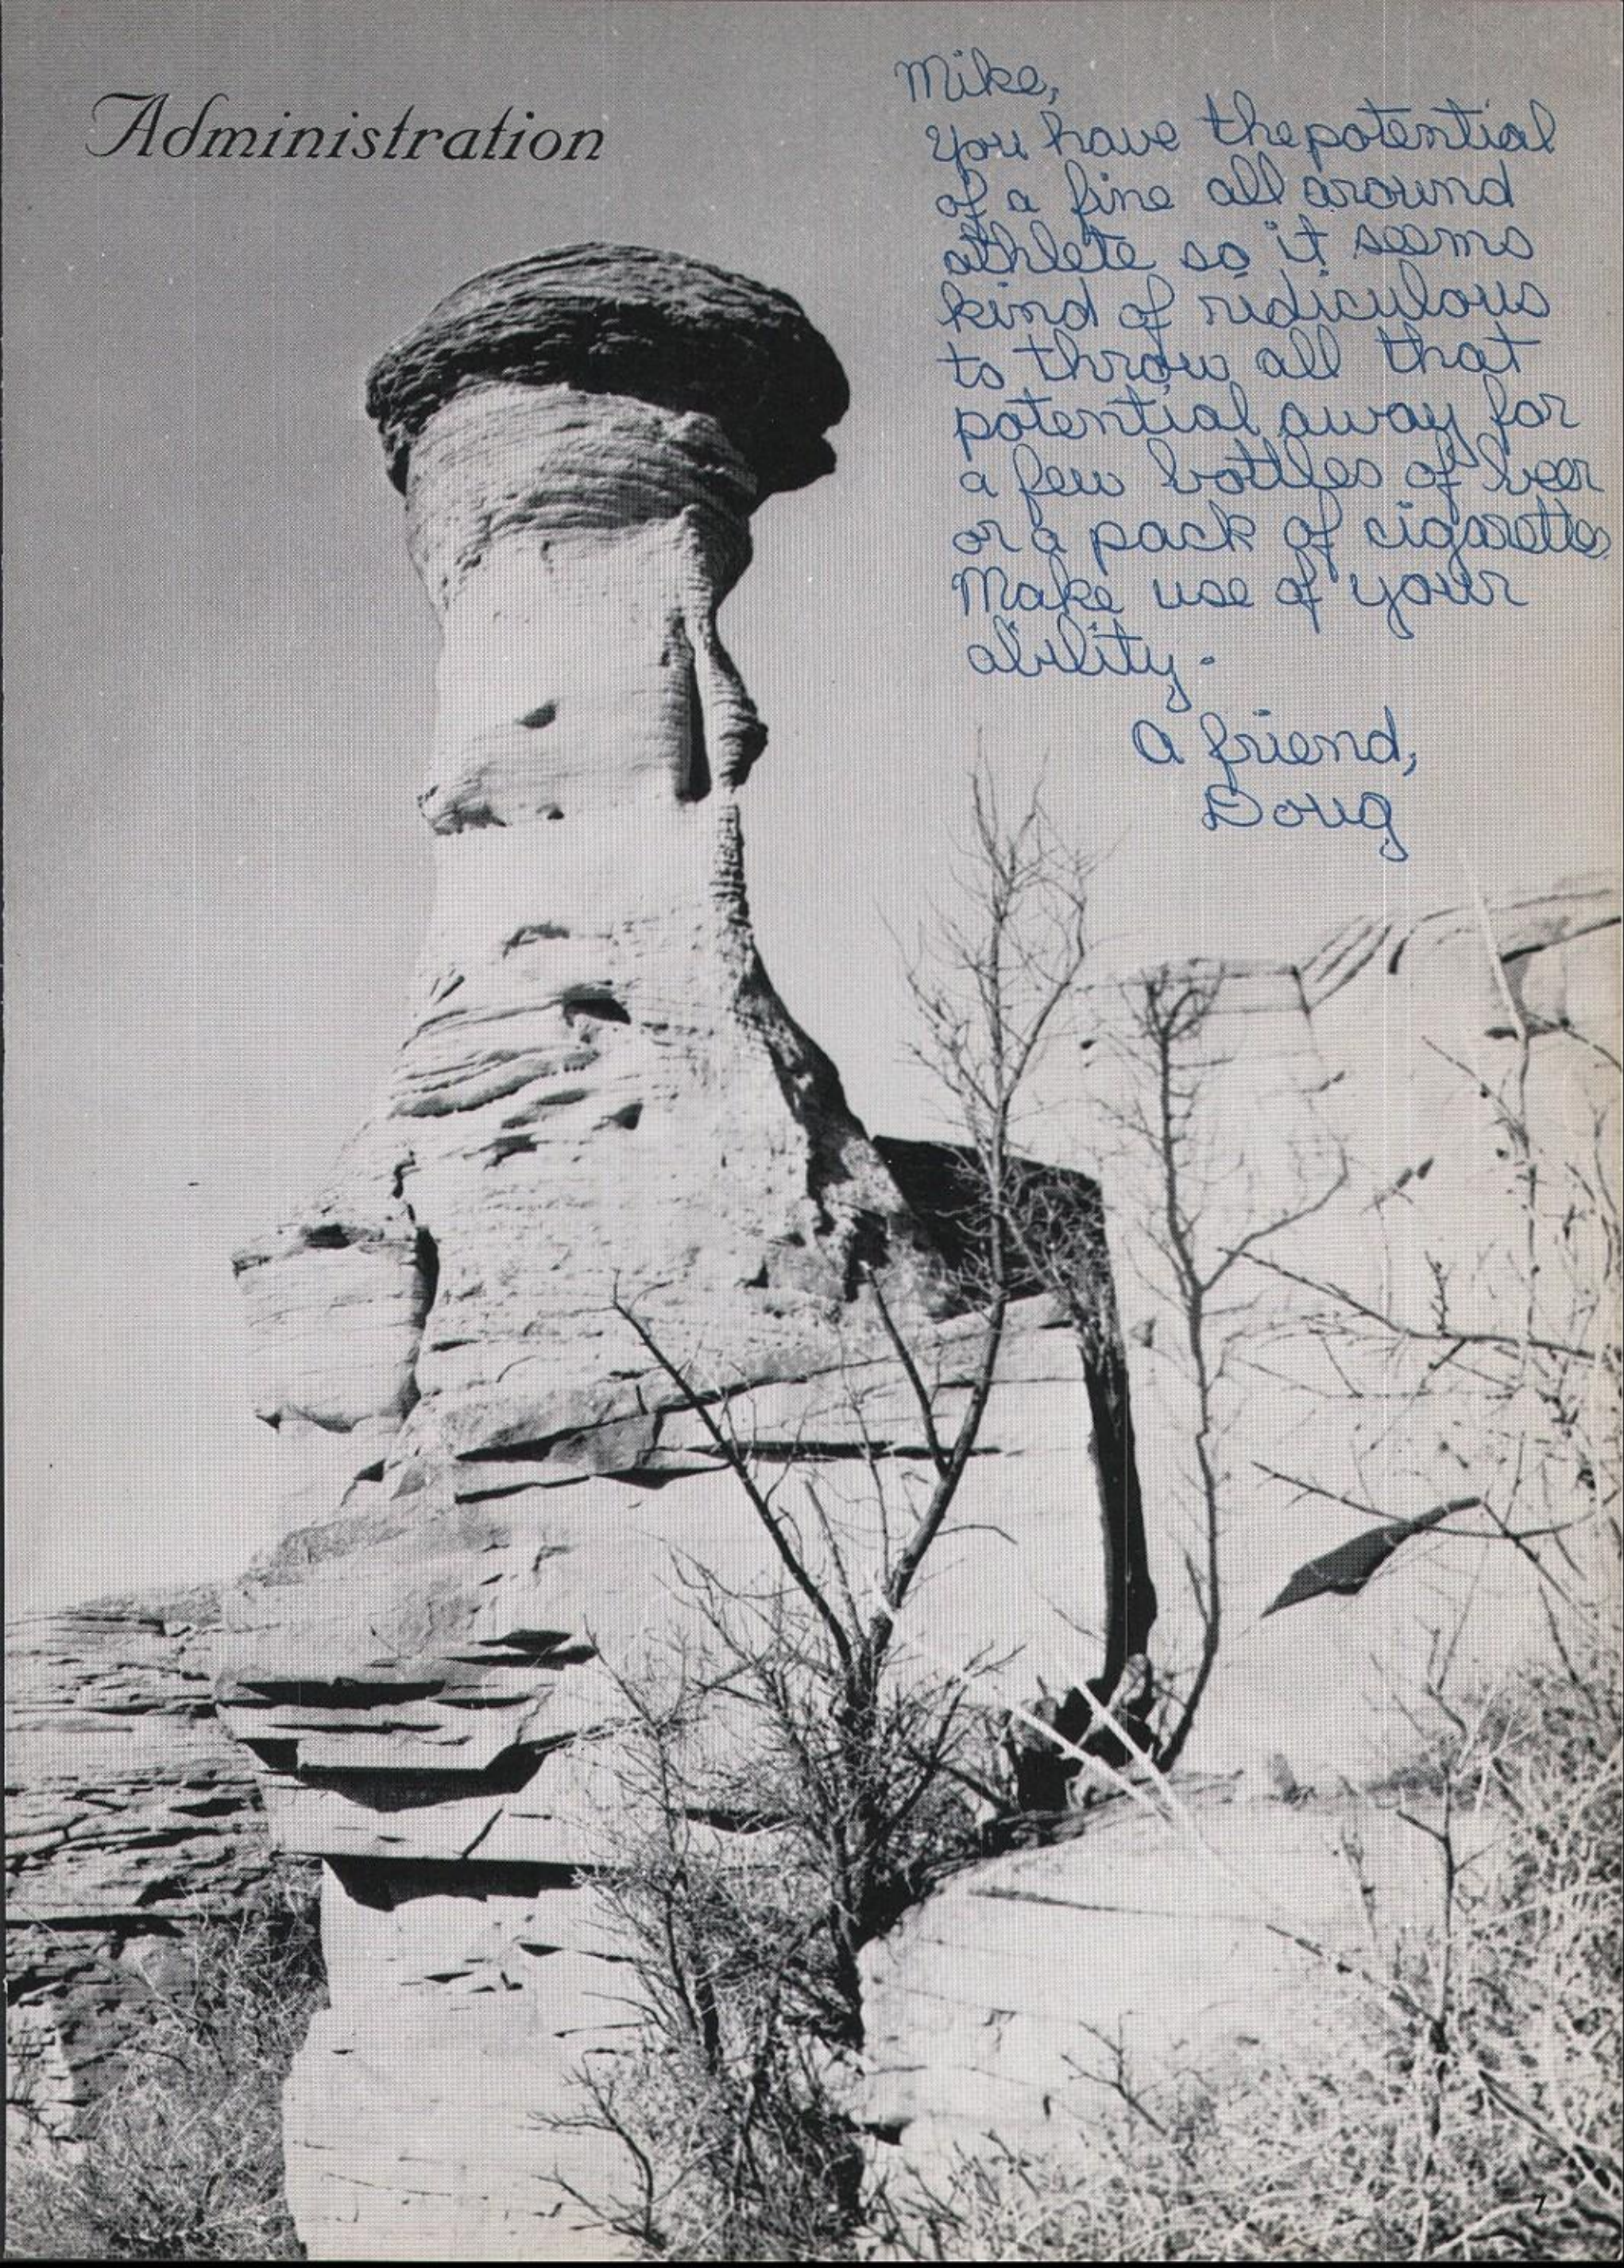
After a difficult day at the office here at N.T.C.H.S., (above picture), Mr. Shrammeck enjoys both fishing, (lower left), and hunting, (lower right), in his leisure hours.



Administration

Mike,
You have the potential of a fine all around athlete so it seems kind of ridiculous to throw all that potential away for a few bottles of beer or a pack of cigarettes. Make use of your ability.

a friend,
Doug

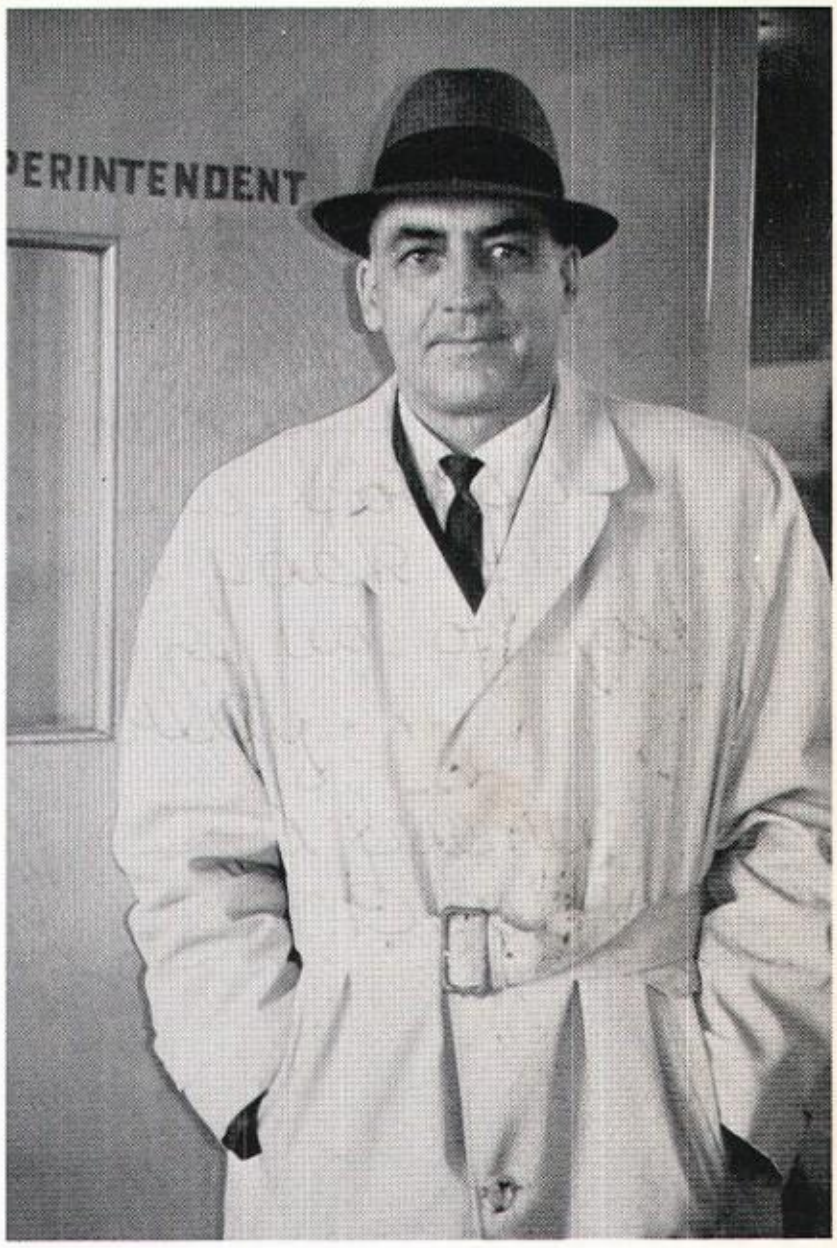


School Board

Left to right - Mr. Lawrence Berthelote, Mr. Alvon Mochel, Mrs. Lillian Larson, Mr. Hazen Lawson - Supt., Mr. James Leary, Mr. Frank Taft, Mr. Wallace Iverson, Mr. Jay Johannesen, Mr. Joseph Gottfried, Mr. Henry Alme.

The school board of any educational system stands as one of the most important factors in producing a well-organized arrangement. Sunburst schools are indeed fortunate to have a board whose principle interest is setting the foreward policy and budgeting the funds so that students at North Toole County High School and in the elementary building receive the best possible education. Their tasks are far from simple and require much time and thought from each one of these tireless members. Taskmasters, they are, and to each one of them go our eternal gratitude.

Messages



SUPERINTENDENT HAZEN LAWSON

"I sincerely congratulate the members of the Class of 1965. The years following the high school career promise a bright future. May each of you utilize the education which you have gained at North Toole County High School to the fullest extent."

Sincerely,

Hazen R. Lawson

PRINCIPAL PAUL SHRAMMECK

"To the class of 1965 I extend my heartiest congratulations.

Four years ago the faculty and administration welcomed you to North Toole County High School. We looked forward eagerly to working with this class of students who were just beginning high school. We have not been disappointed in you.

Now, four years later, as we assess your accomplishments, one question remains unanswered. Have our seniors acquired a zest for learning, and will they aspire to further their educational accomplishments beyond the high school diploma?

A "yes" answer to this question is our reward and your weapon against the forces existing in the world who would take away the rights and freedoms which you enjoy in our democratic nation today."

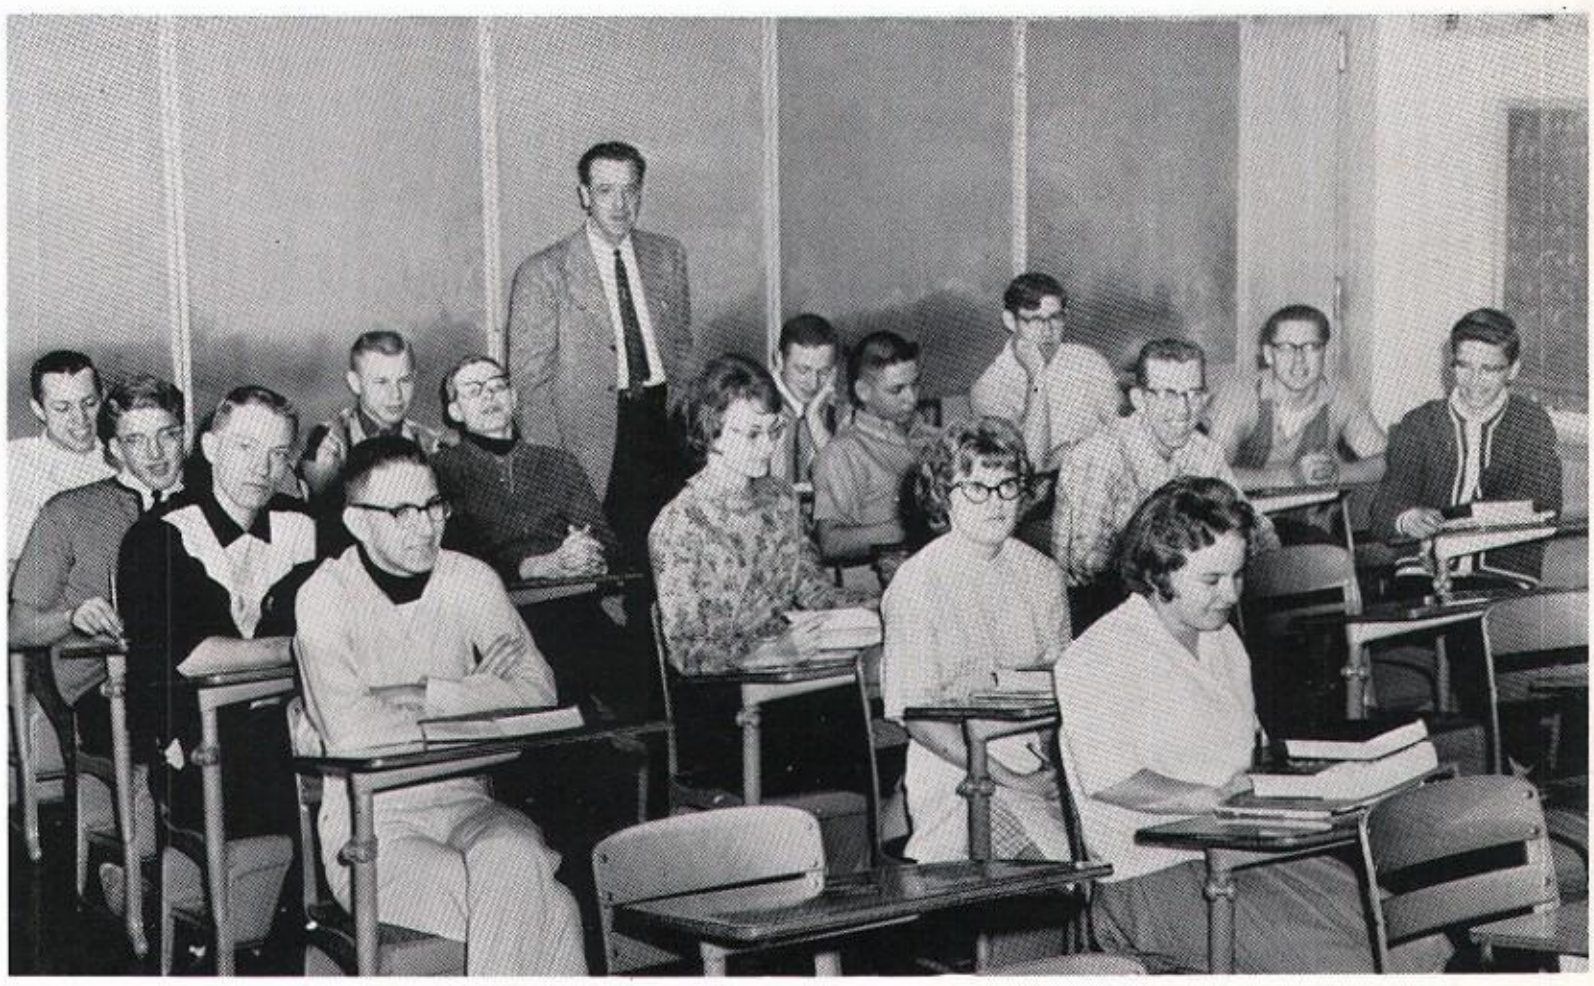
"Tippicanoe and Tyler Too" is a well known phrase in U. S. History. This represents a small portion of the knowledge gained in the study of America's past.

English III



There are many different types of American literature studies in this class. Poetry is one of these. Sometimes we are allowed to make up our own theme for the year, covering the study of poetry. Our preference is "Poetry In Motion."

Junior Play

"MAN OVERBOARD"

From the intricacies of make-up and the chaos of back-stage activities comes a performance called "Man Overboard", a mystery-comedy presented by the Junior Class this year. Mr. Merle Haines directed the play, which was presented November 20th and 21st in the N. T. C. H. S. auditorium. Taking place on an oceanliner voyage to Europe, "Man Overboard" combined a fast-moving plot with interesting characters - made doubly so by a wonderful junior cast.

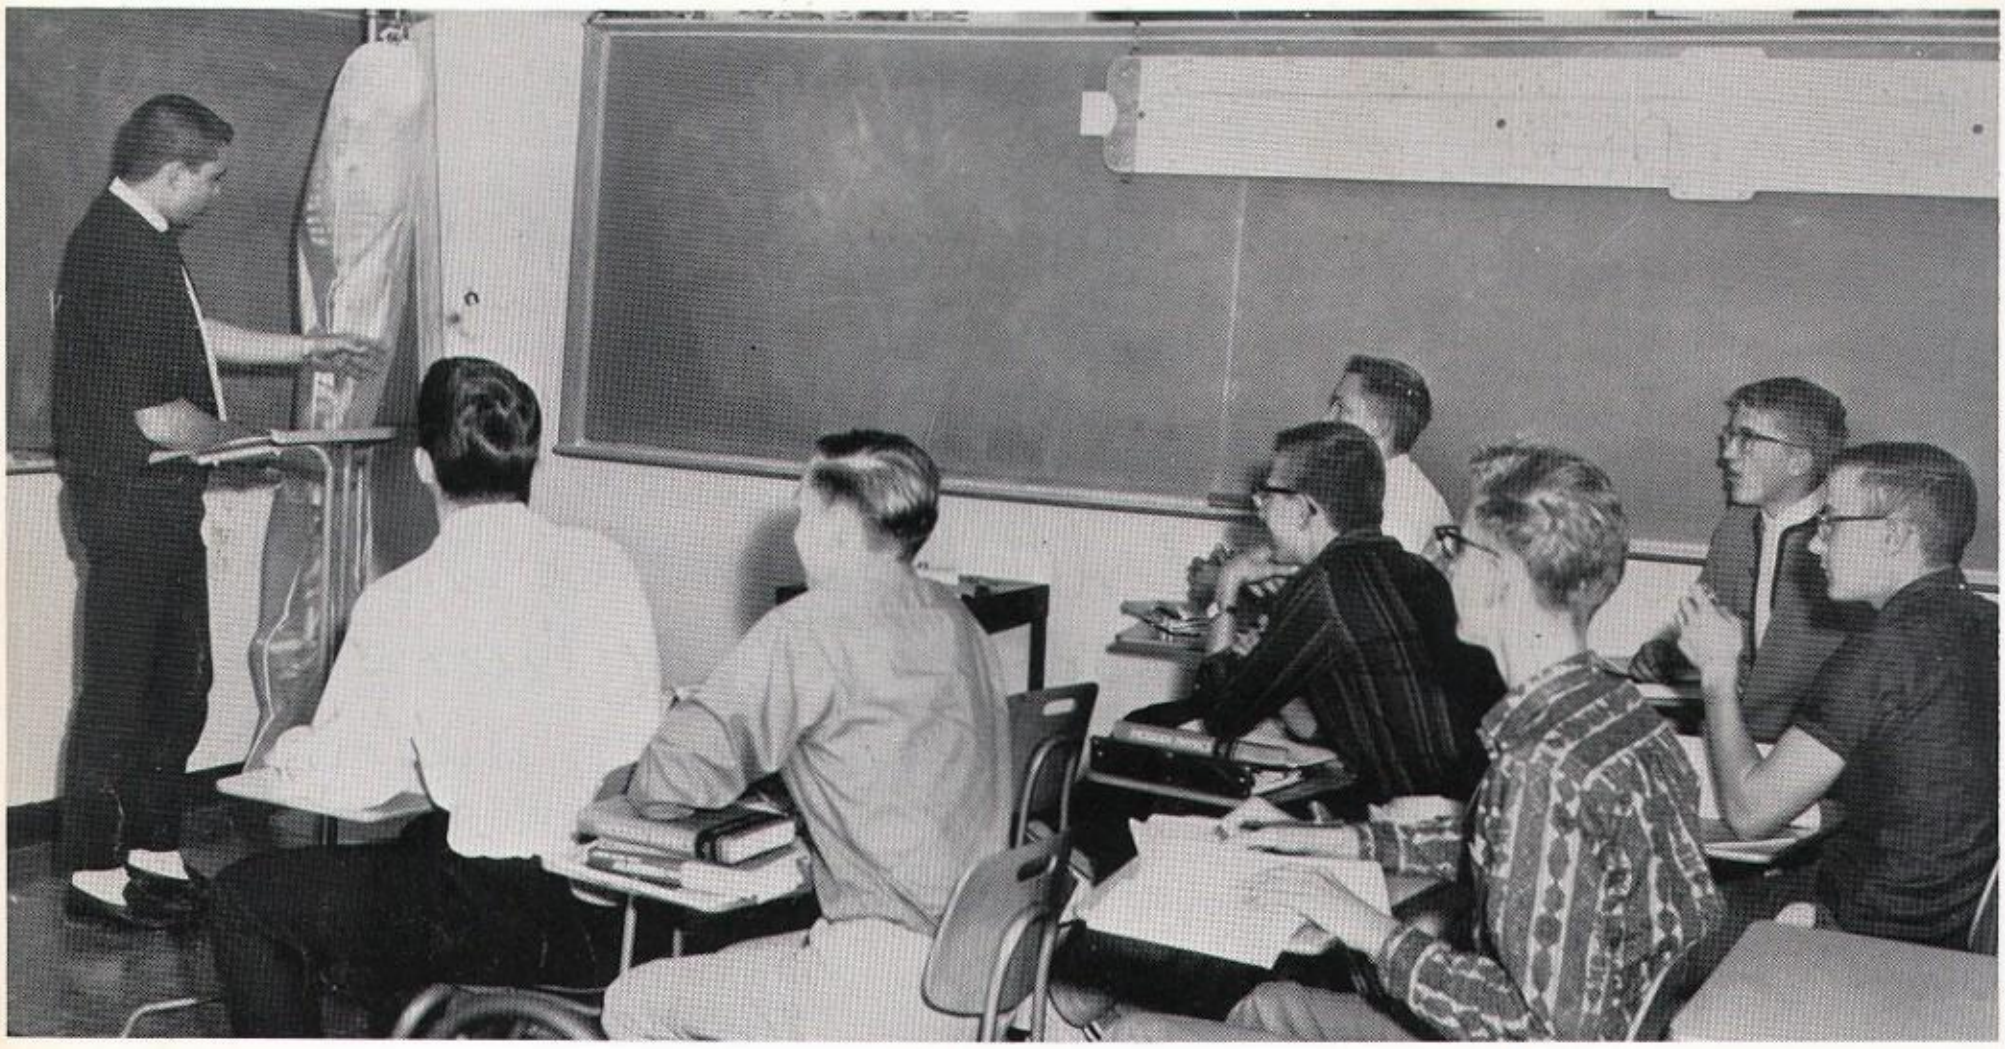
Physics



"To ignore motion is to ignore nature." Steve Hoppes illustrates this old precept in his student report. Physics is fast becoming a vital science in this modern world. Mr. Ouellette teaches this class.

Bookkeeping

Miss Heagy oversees her potential accounting "wizards." Bookkeeping is practical from every standpoint as it may become a valuable asset in later life.

"Mozambique - where's that?" The world geography students find the answer to this and many other interesting world questions. In the far left and back, sits Miss Donna Dyrdahl, a student teacher from Havre, who taught for several months at N. T. C. H. S.

Writing & Composition

The latest arrival in curriculum at our school is Composition and Writing. Students develop needed writing technique through extensive practice. Mr. Haines' main theme in this industrious class is write, write, and write some more.

Journalism Class

Journalism is a preparatory course for hard-working and imaginative individuals in the newspaper field. In addition to completing a regular course of study, these students produce the "Refiner," NTCHS bi-weekly school newspaper.

Officers

The journalism officers this year are: Left to right, Editor, Dawn Bashor; Assistant Editor, Sonja Minnich; and Secretary-Treasurer, Peggy Halmrast.

"Click, click, click," The freshmen are creating these business-like noises in their Typing I Class. Instructing is Miss Heagy.

Trades and Industry

Dirty coveralls and a noisy atmosphere do not dampen the spirits of these mechanics in the making. Our new shop teacher, Mr. Vendor is standing at the left.

Advanced Physical Education

"On the trampoline, Dave, not the floor!" This class is a new addition to the school curriculum. (Soon after this picture was taken, Dave Dunk completed a regulation trampoline flip which ended with a not-so-soft landing on the gymnasium floor - He was slightly shaken up - but not injured, however.)

Mechanical Drawing

Curves, angles and geometric constructions condition these students for fundamental course in architecture.

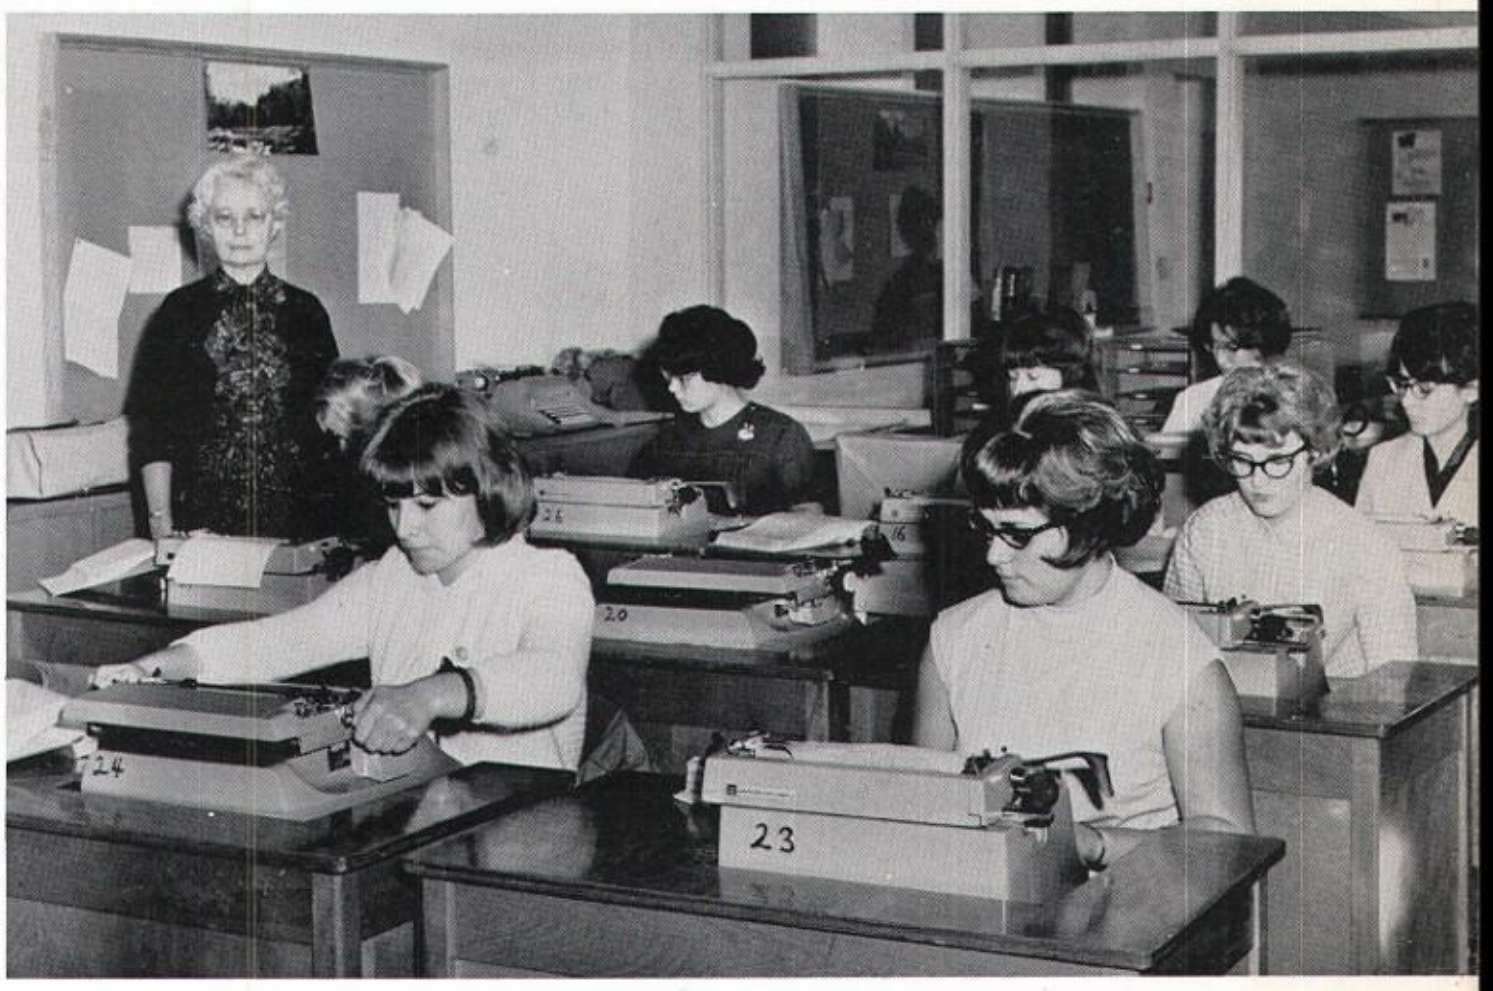
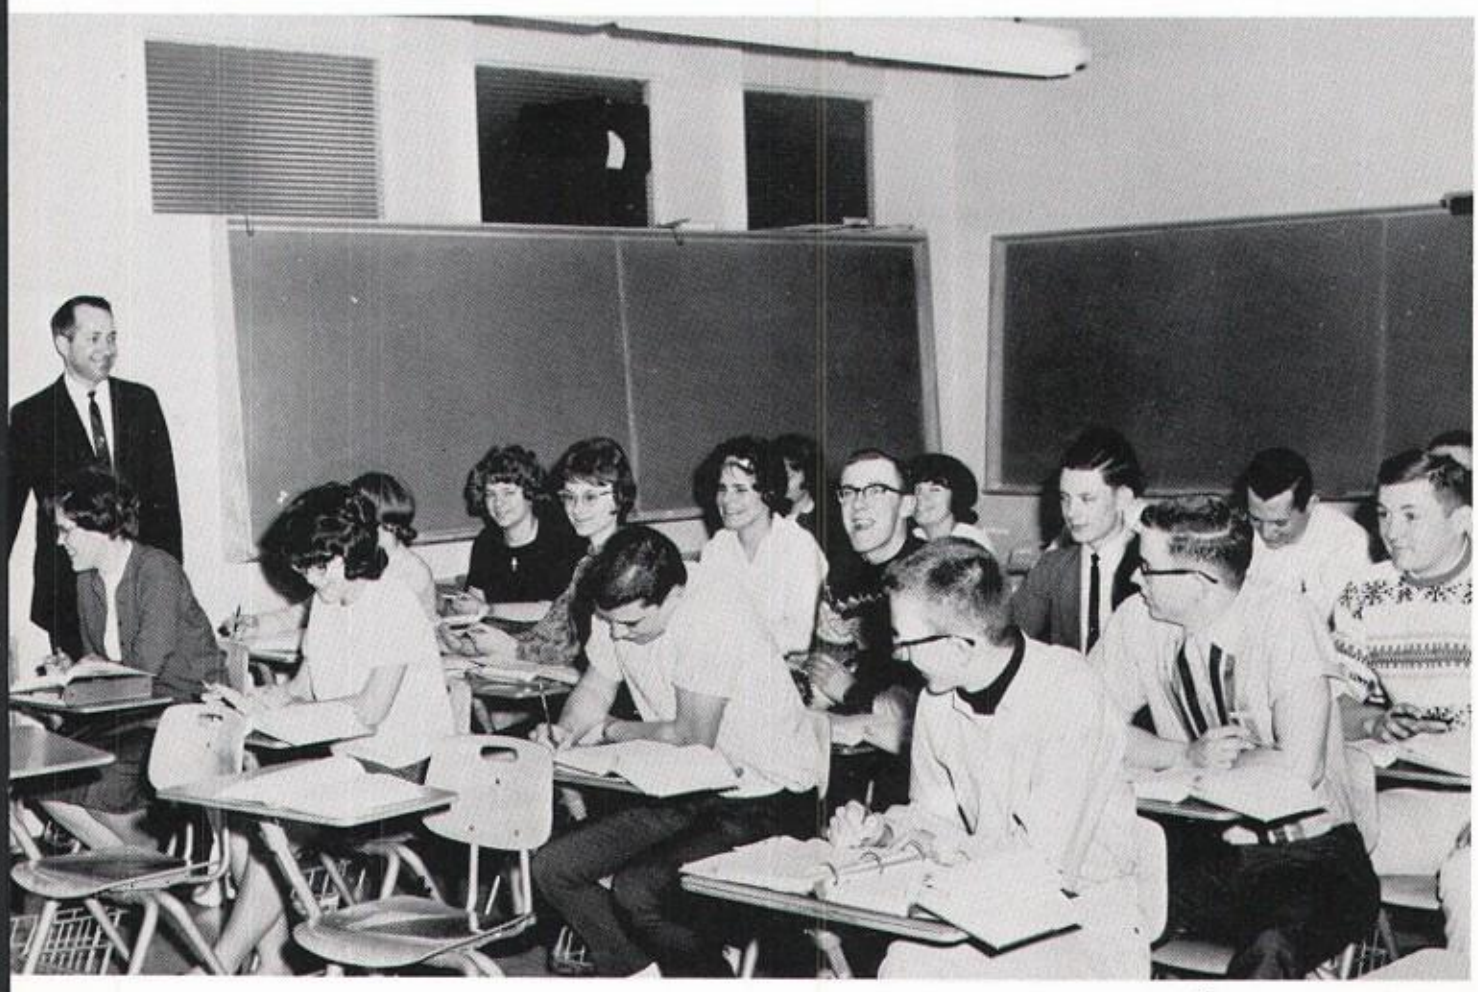
Office Practices



Miss Heagy is determined to make these girls efficient secretaries before the year is over.

Algebra II



These students are deeply involved in the algebraic equation - such as $(x^2 + Y)(x^2 - y) = x^4 - y^2$.

Librarians

Want to check out a book? The following librarians will help you: From left to right are Evelyn Herd, Karen Clouse, Dorothy Taule, Elaine Stores, Peggy McLachlan, and Jennifer Jansky. Seated is Mr. McAllister, head librarian.

German I

"Deutsch ist nicht sehr leicht-zu viele Prufungen and Ubungen!" (German is not very easy - too many tests and exercises!) Here we see the German Class taking a vocabulary test.

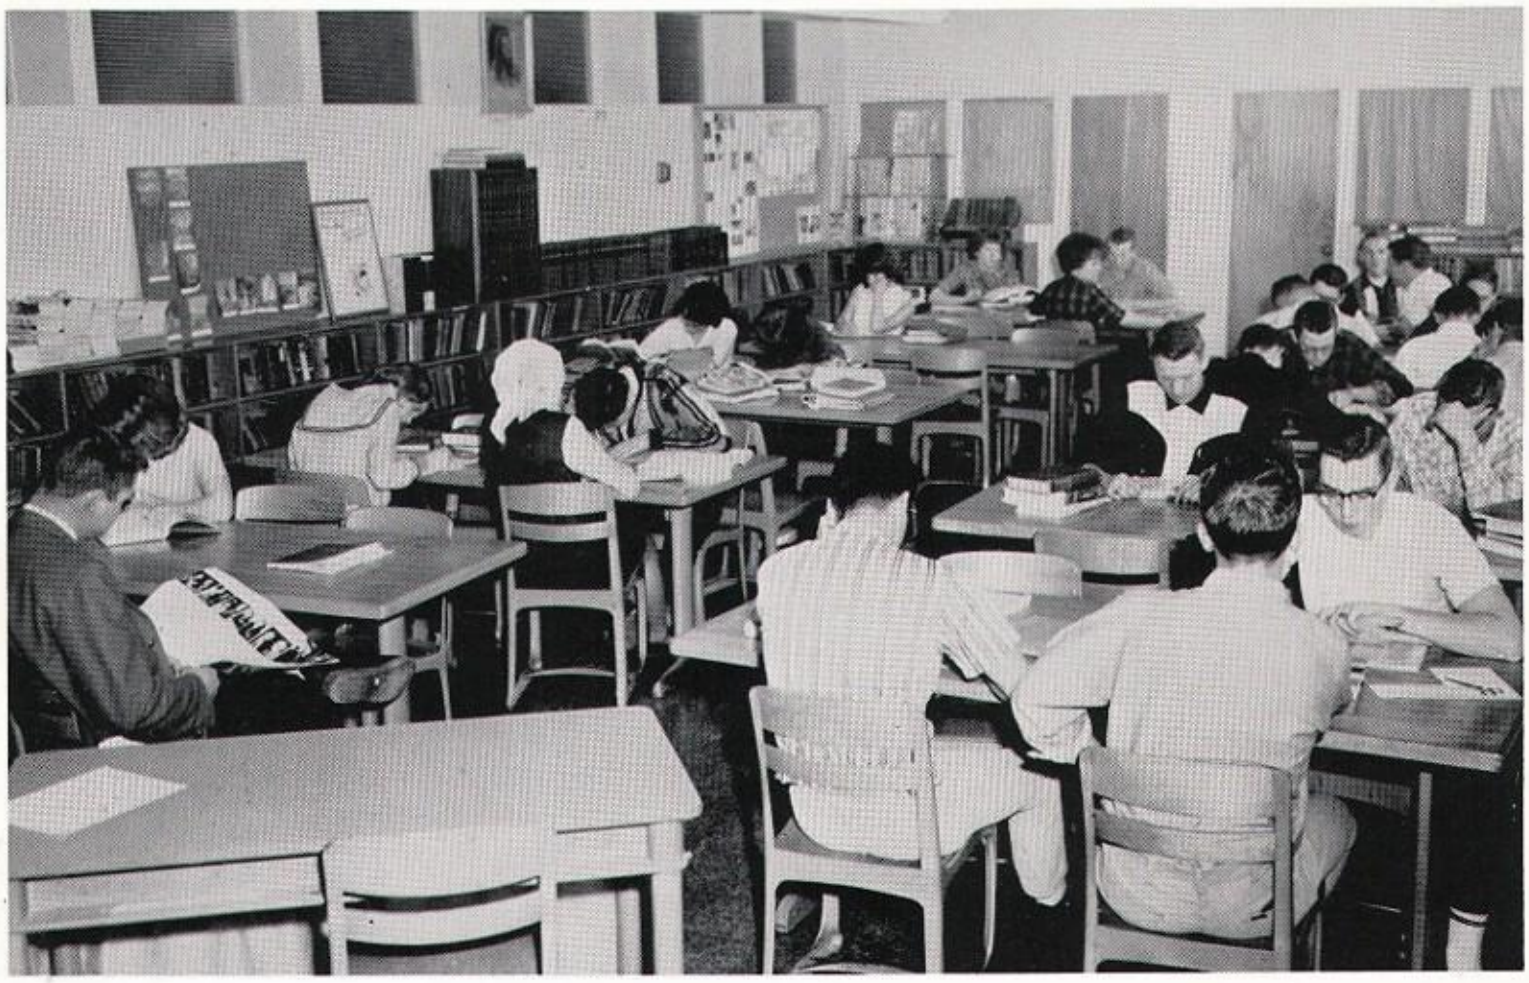
Home Economics

Sewing is one of the many skills taught by Miss Jones to this second-year Home Economics class. Miss Jones also teaches basic Home Economics to the freshmen.

Woodshop

Here we see some members of the woodshop class carefully working on one of the many woodworking projects.

Study Hall



An intregal part of every student's day is the study hall. These students are studying in the library under the watchful (?) eye of Mr. Thompson.

Pep Band

The Pep Band, under the direction of Mr. Mauritsen, provides entertainment in the form of lively music at all home ball games.

WE PROUDLY PRESENT: *'The 1964-65 N.T.C.H.S. Band'*

In addition to participating in the many activities of the N. T. C. H. S. full band, these members will travel to Havre to perform in the district band this spring.

"Check Your Worries"

"Oh, how sweet it is!"

"When I get to be mayor of Sunburst, I'll put a statue of me in the town square!"

The students of N. T. C. H. S. displayed their musical and dramatic talents in "Check Your Worries", presented December 21st, 1964, and January 16th, 1965. The all-school production, composed of 15 stage band members, under the direction of Mr. Mauristen, and 50 chorus members, lead by Mrs. Nichols, was deemed a success by all who viewed it.

"You can climb down now, - the mouse has left!"

"After dessert, I think I'll give myself a shave!"

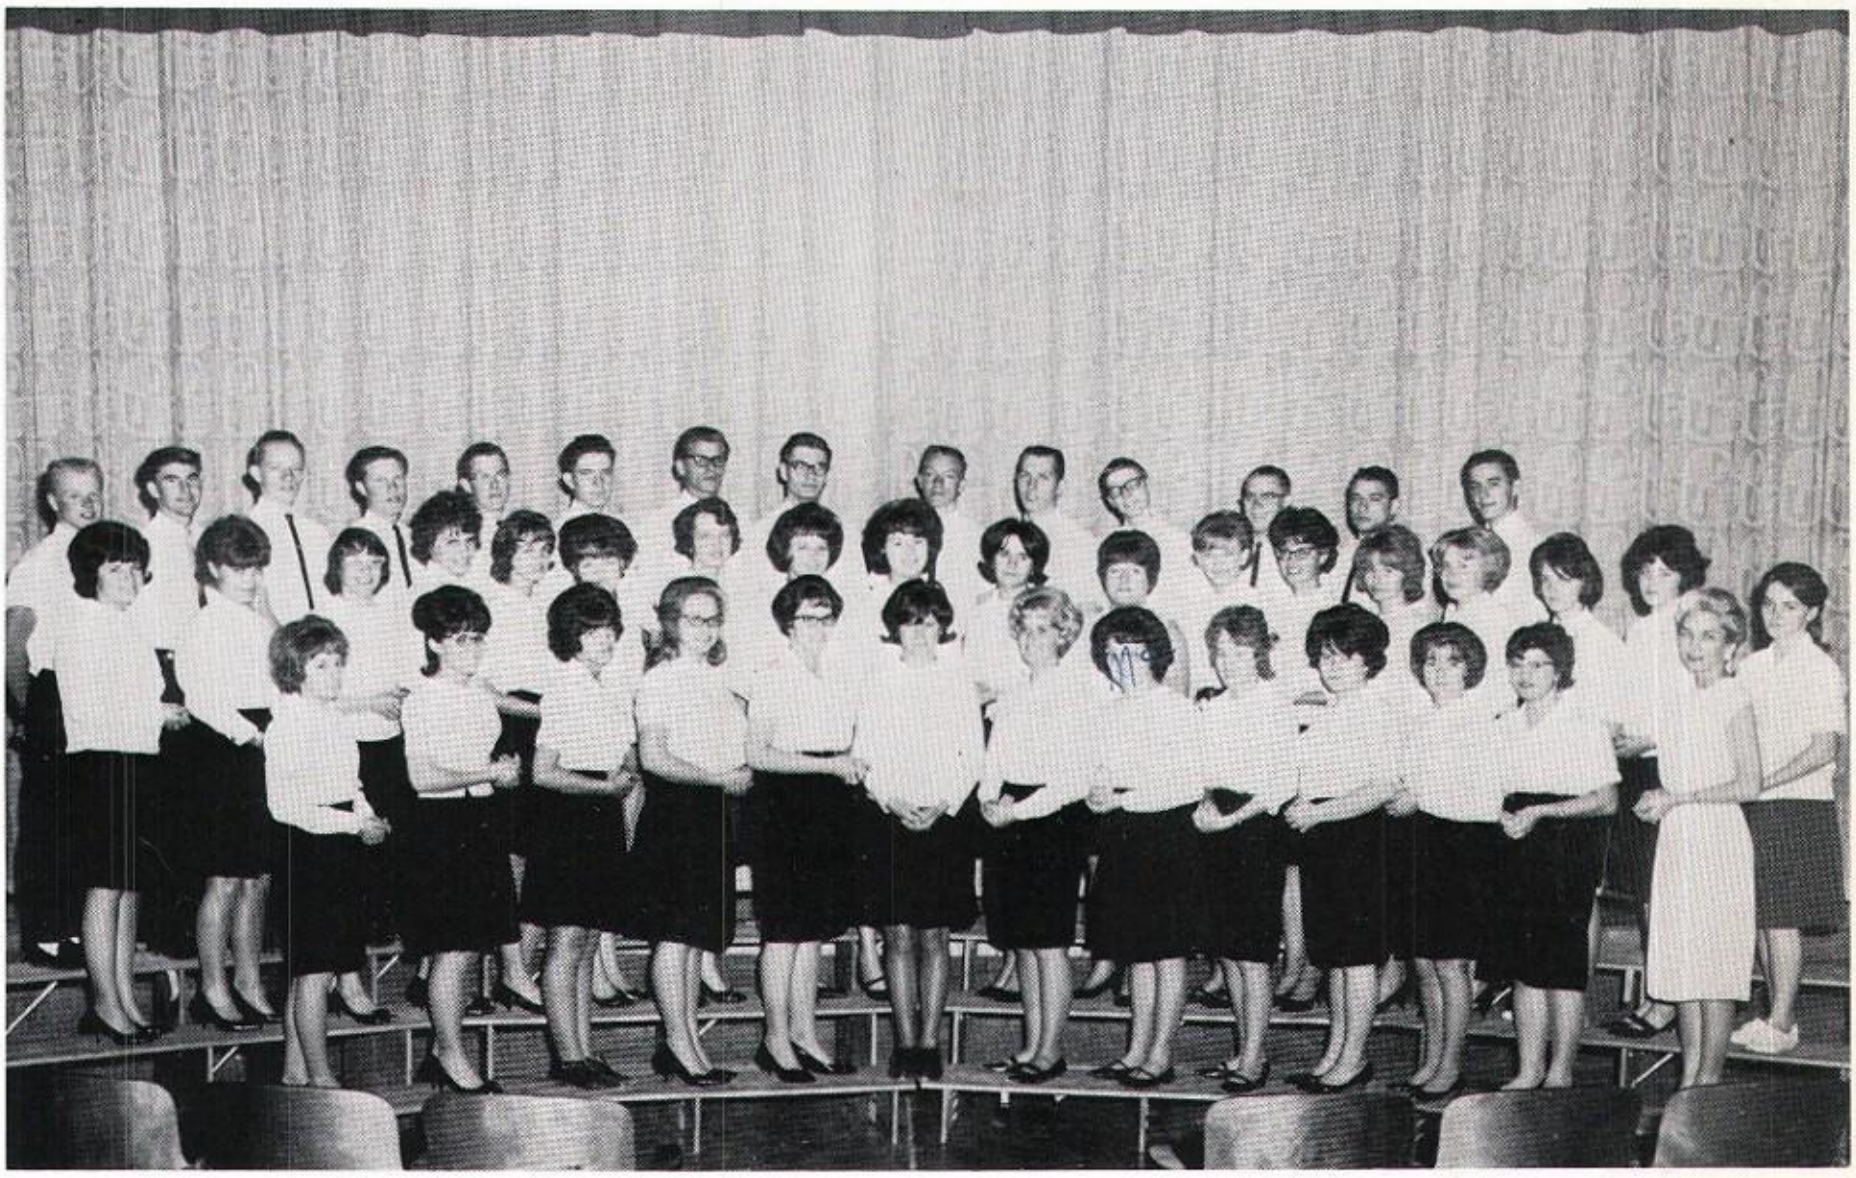
N.T.C.H.S. Choir



Someday it may be said that the North Toole County High School choir of 1965 rated among the top-ranked voice groups in the district. Its members, under the expert direction of Mrs. Nichols, will participate in the annual Music Festival this spring in hopes of receiving a Superior rating.

OFFICERS

1964-1965 Choir Officers are, from left to right, Ron Kimmet - President, Dave Dumon - Vice-President, Vicki Minnich - Secretary, Sherry Johannes and Sonja Minnich - Librarians.

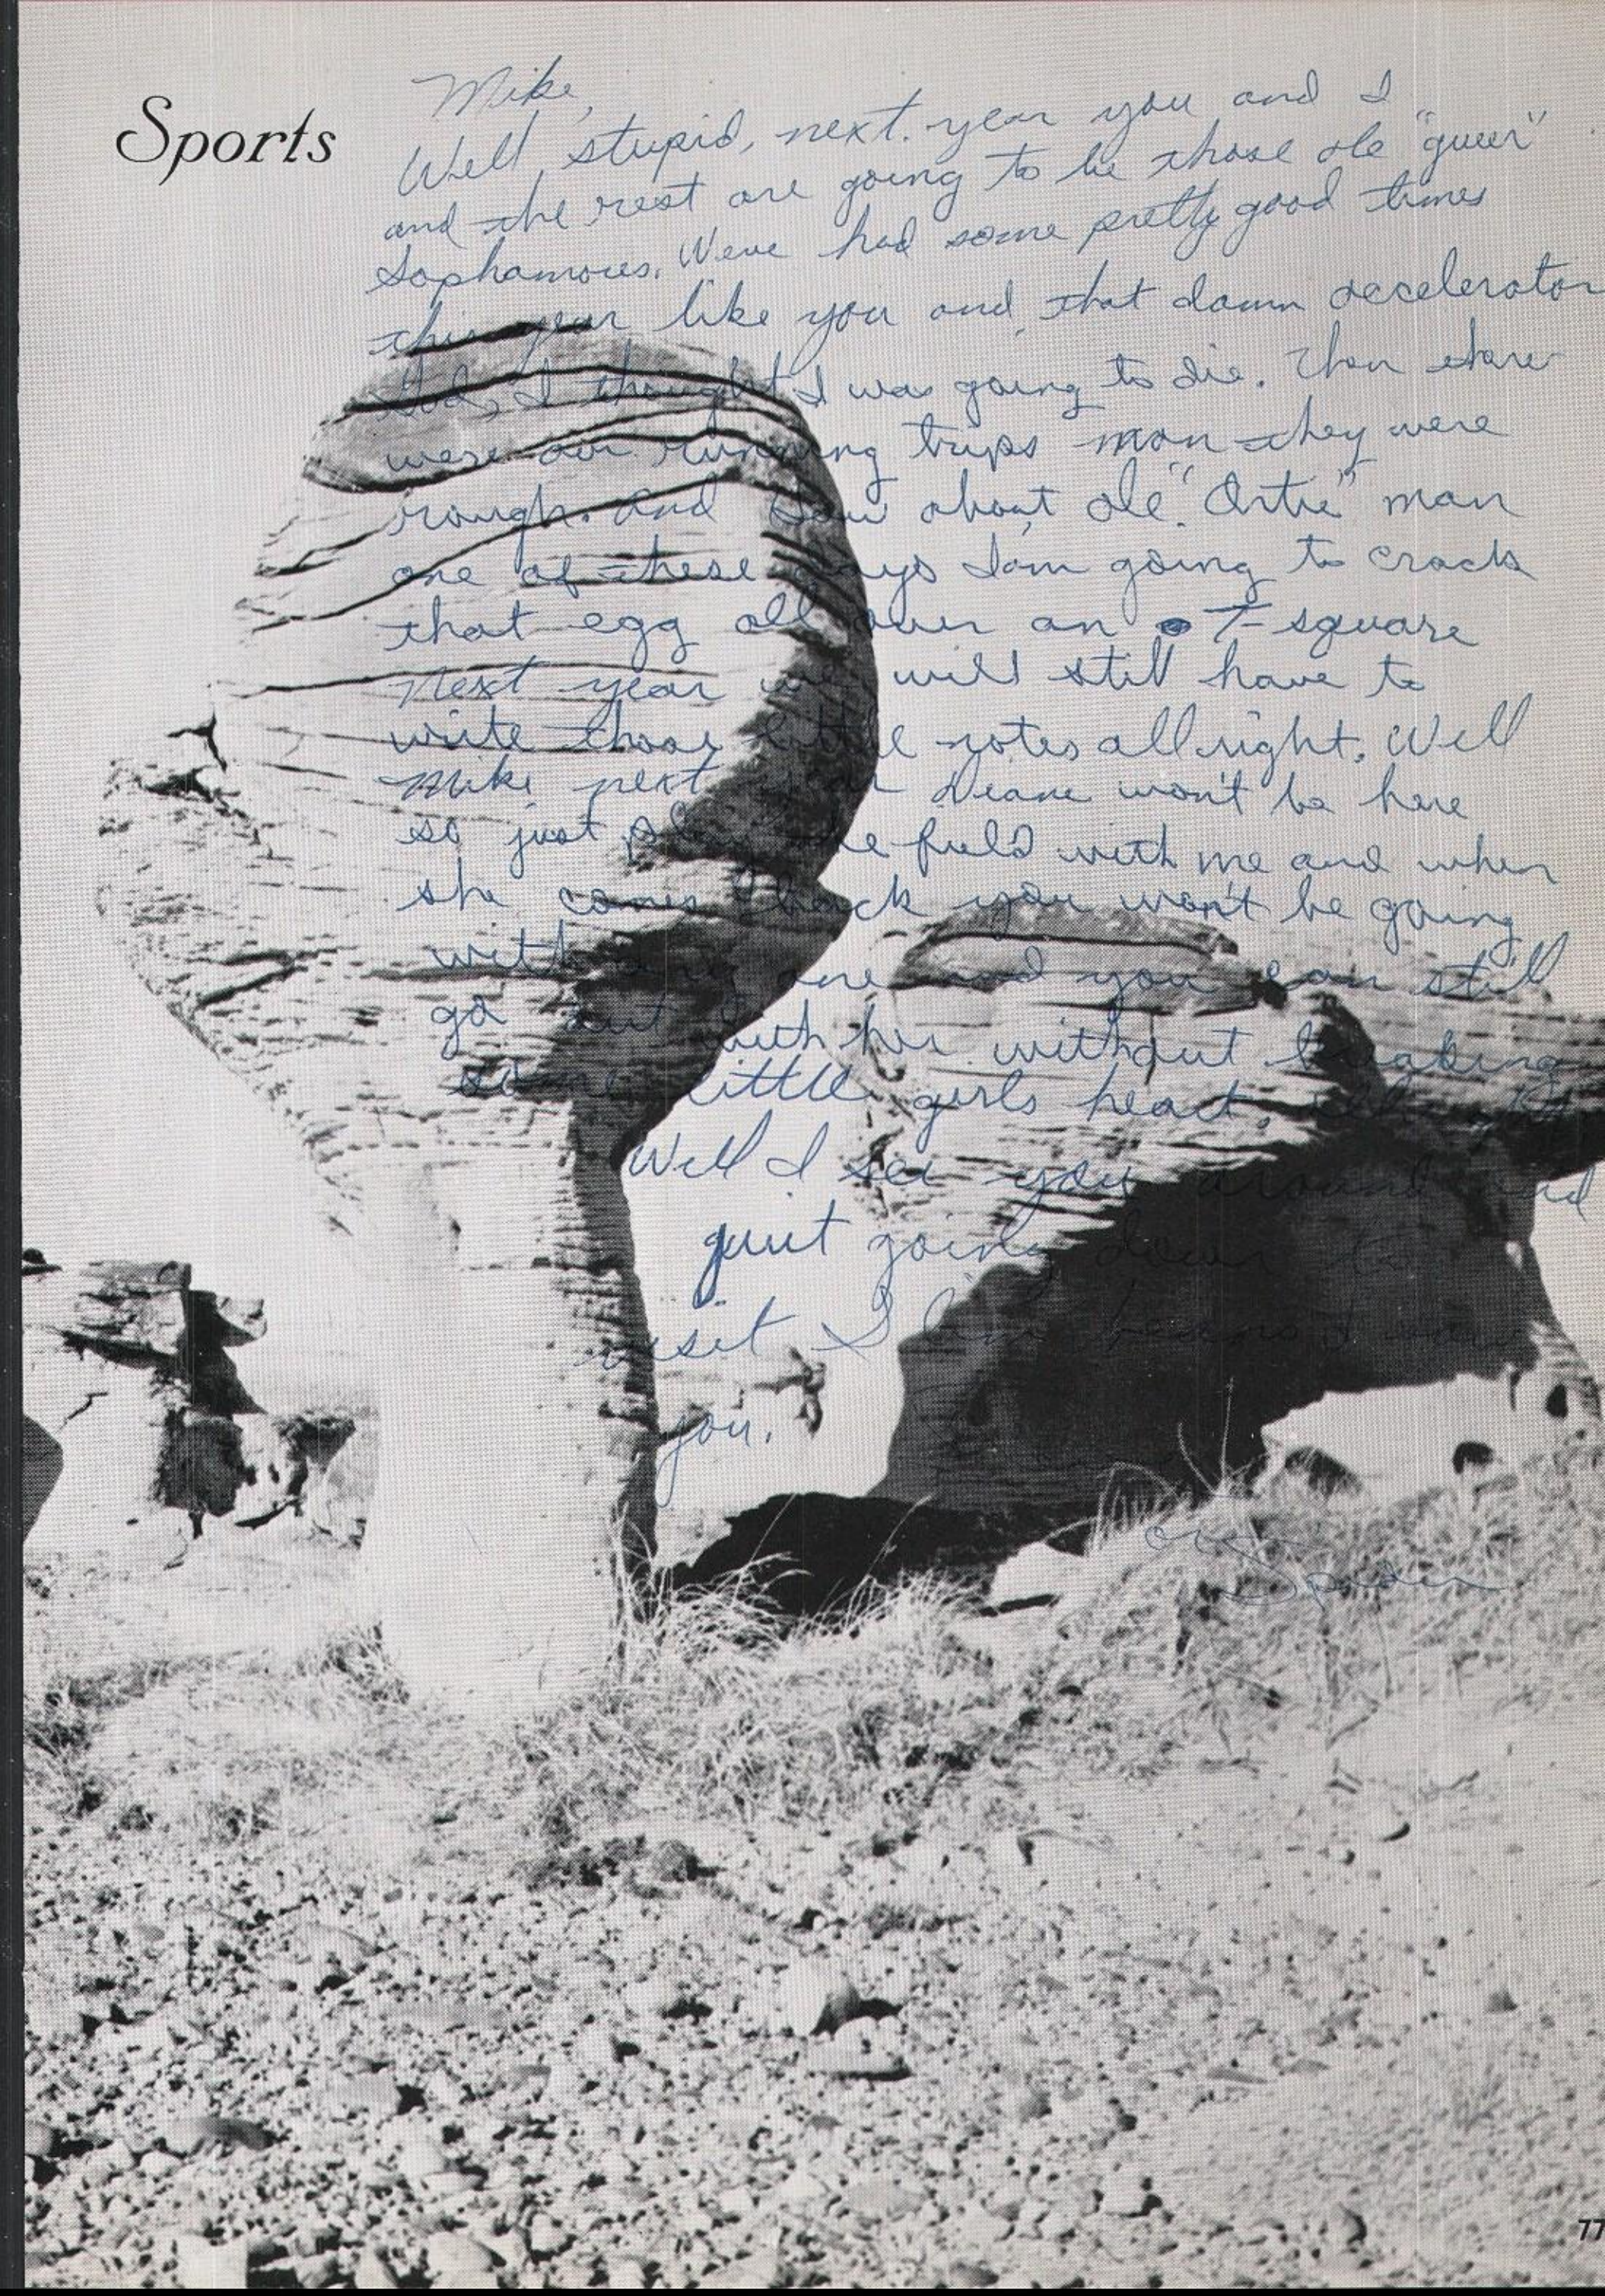
Sports



Mike,
Well stupid, next year you and I
and the rest are going to be those ole "queer"
Sophamores. We've had some pretty good times
this year like you and that damn decelerator
I thought I was going to die. Then there
were our running trips man they were
rough. And how about ole "Artie" man
one of these days I am going to crack
that egg all over an "F" square
Next year we will still have to
write those little notes all right. Well
Mike next year Deane won't be here
so just play the field with me and when
she comes back you won't be going
with
and you can still
go
with her without
little girls heart,
Well I let you
just join
Yours
you.

Homecoming Dance

The annual Homecoming Dance, held October 17, 1964, was sponsored by the Pep Club. The highlight of the evening came with the crowning of the King and Queen - Gary Danbrook and Sonja Minnich, shown dancing in the above picture. Decorated in an autumn motif, the "Homecoming" was truly such with the Refiners taking second place in conference football. The team defeated Valier, 13-0, earlier in the day. Homecoming activities, in addition to the dance, included a pep rally and snake dance before the game.

Candidates chosen from each class pose, surrounding the elected royalty. Mr. and Mrs. Paisley and Mr. Barrows provided the music for the annual dance.

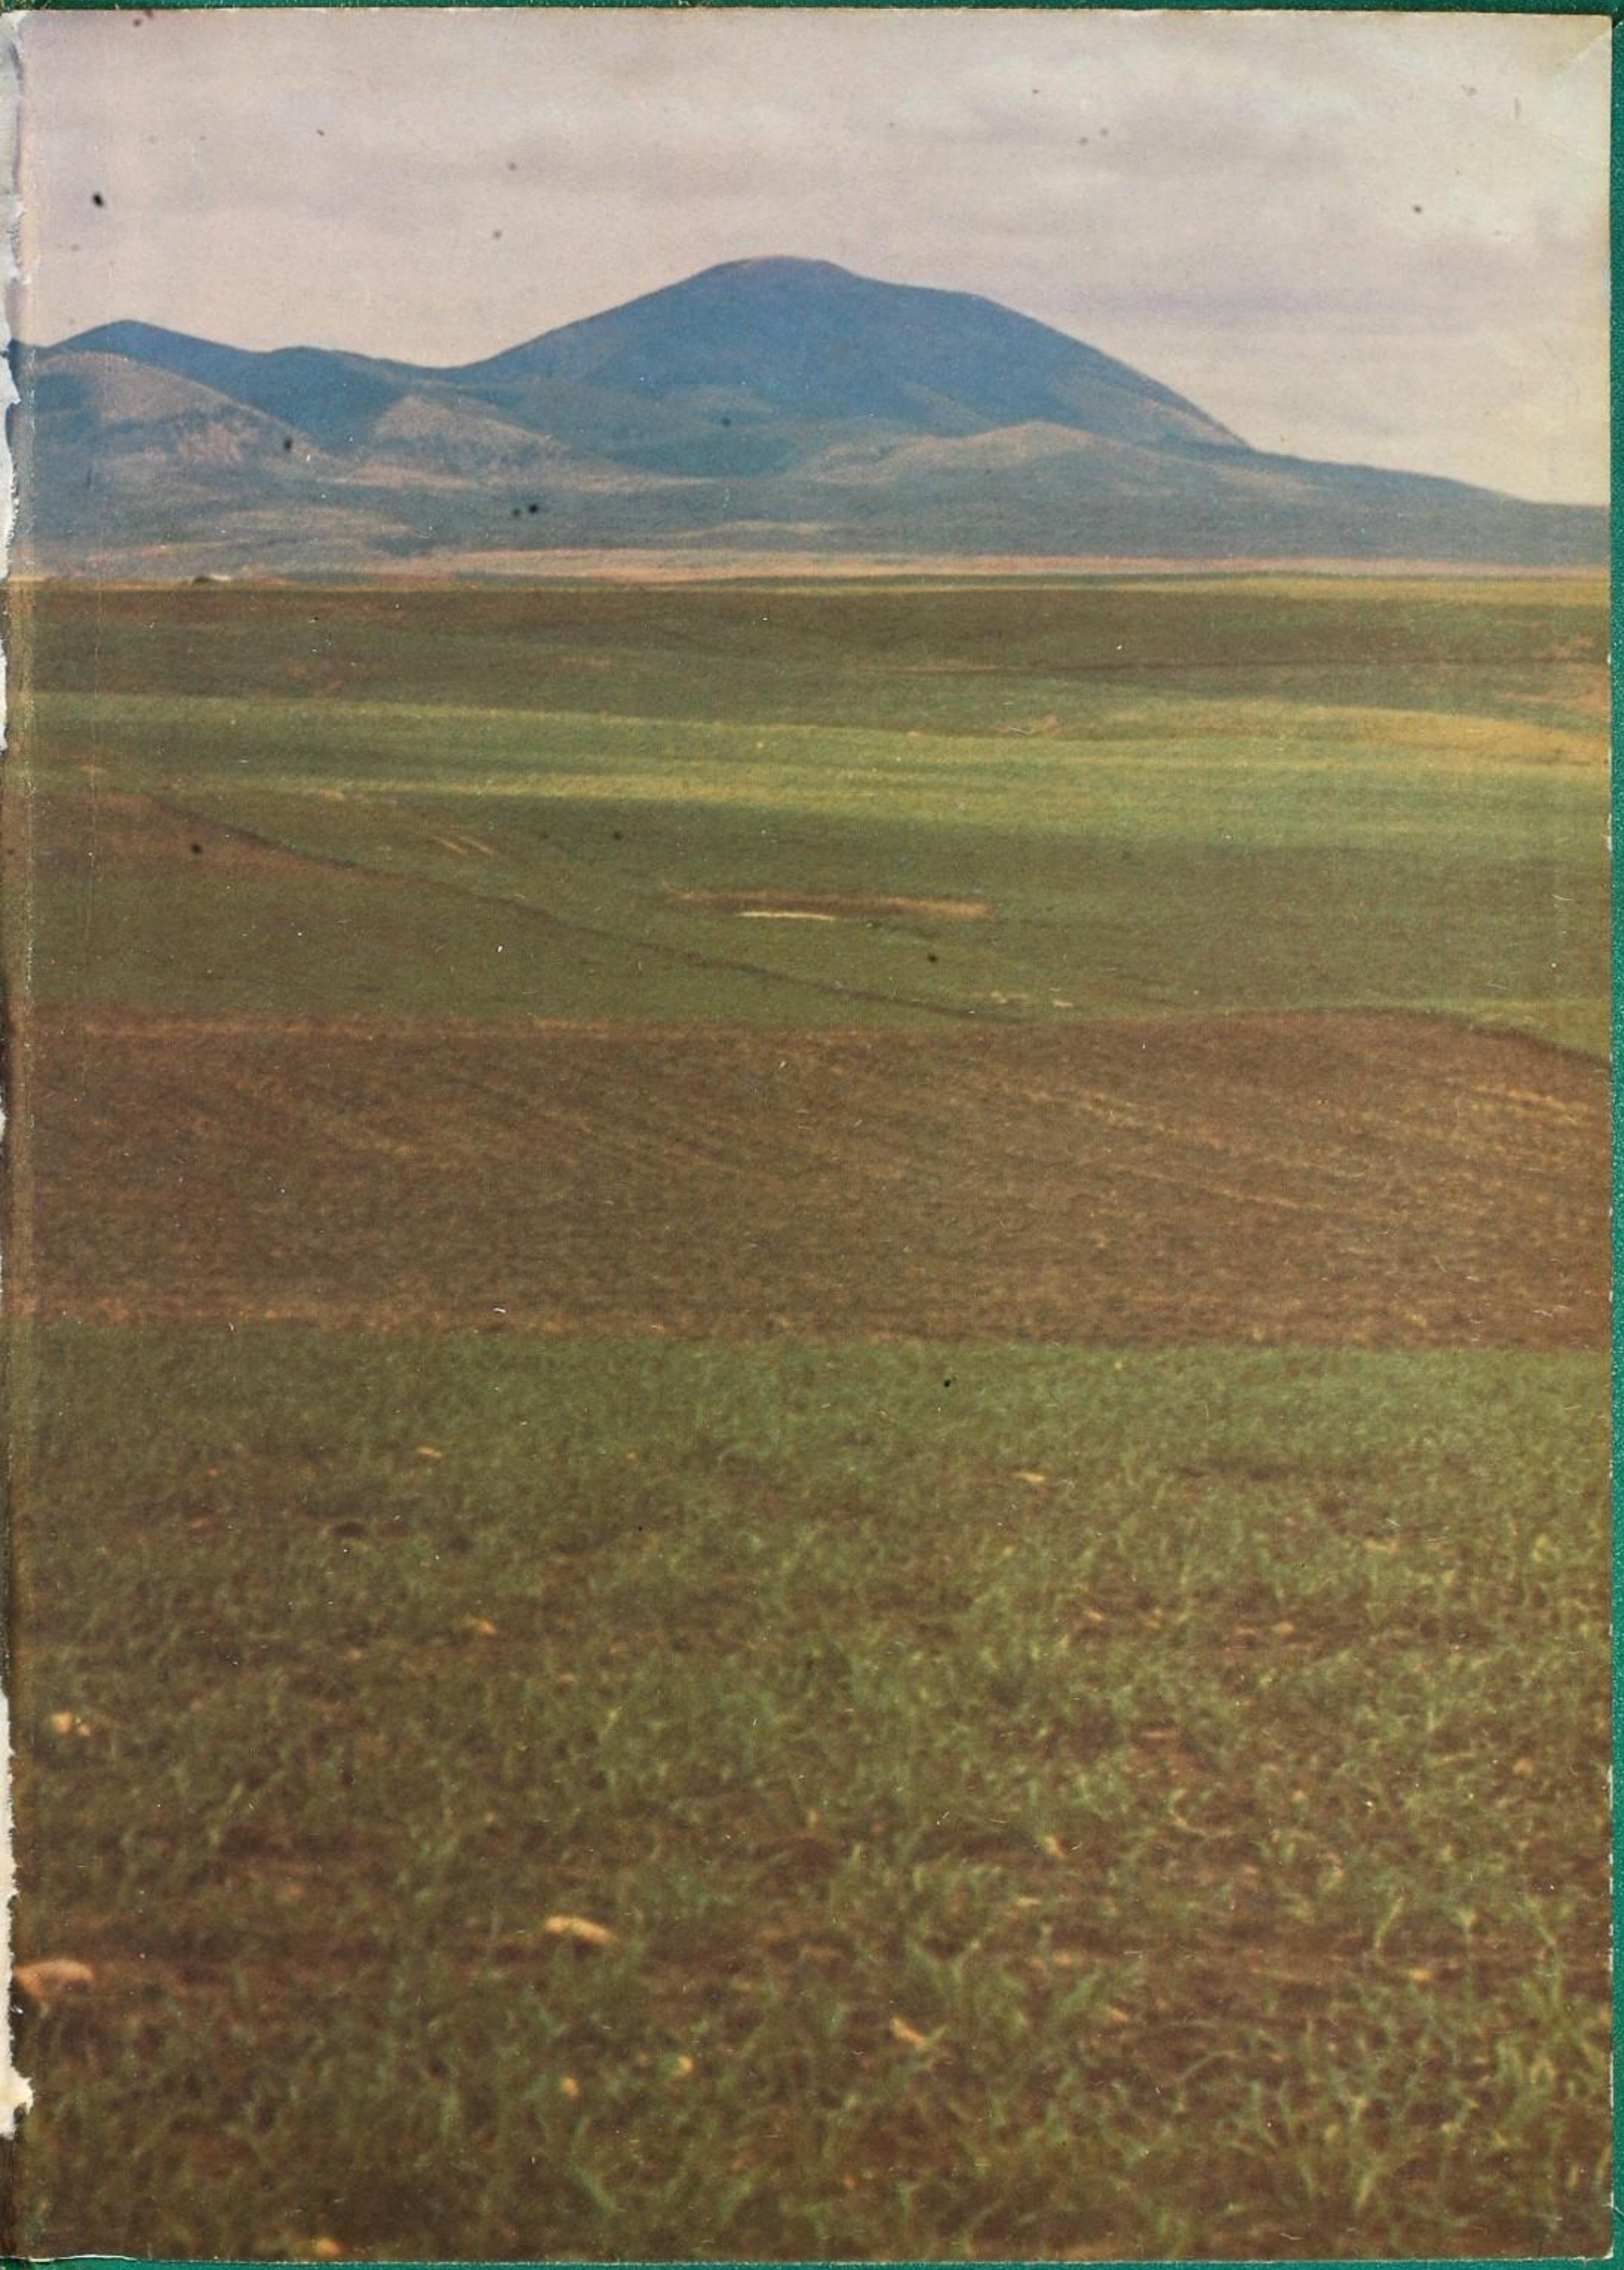
Mike, (Brother-in-law)
Well we've gone through a whole year of NTCHS but I guess we still have alot to learn. (HA)
I can remember the first time I saw ya. I'd just started going out with Rick and we were driving around Kwin when all of a sudden a truck came tearing past us like a bat out of Heck and here was Butch I mean Wayne G., Bruce S., and little old you giving us the finger. I can remember thinking what a little punk you were. I never thought that my big sensible little sister would ever find any one that could be as ornery as she is but I guess she has now, huh? I don't know about you but I wish Diane was a freshmen cuz I'm gonna miss her more than any best friend. I guess I sound like kind of a queer sister but I don't think you could find any sisters closer than us. At least she knows I'll be around here next year to keep you away from all of the girls. Well I hope you two have alot of fun before she has to leave and I know she'll never forget ya.

By the way Mike, what's that you said that Rick, Bryce, Jeff, and a few other boys had?

Best Wishes Always,
Lanette


Good luck t'rd
